

CAP

Cap, an easily positioned stool, was inspired by sewing thimbles. Its light weight and distinct shape make it easy to take out for impromptu meetings at workstations or to provide extra seating in meeting rooms or lounge environments. For non-upholstered Cap, the stacking rings have CbM* (excl. black and white) as standard. The stool also comes fully upholstered in Remix fabric from Kvadrat. The great selection of colours makes it easy to fit into any environment. A stacking trolley is available as an optional extra.

*CbM = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey

only fully upholstered

VARIANTS
